Camp Highlights

Takedowns:

Takedowns-The focus in the neutral position will be on solid leg attacks, set-up by consistent pressure on the opponent. We will also learn how to work the head, short offense, and upper body throws/trips.

Defense and Counter Attacks:

Here we will cover solid lines of defense, and what to do when an opponent gets to your legs. "An offensive defense"!

Top:

Although we will cover many top techniques, the focus will be on turning the toughest opponents with tilts and legs.

Bottom:

Attack from the bottom with an explosive stand-up series as well as secondary bottom combinations.

Drilling:

Learn to drill the above mentioned topics both intensely and effectively through pressure wrestling!

Games and Live Wrestling:

Camp games and live wrestling are steadily incorporated throughout the camp to enhance the participants experience.
