Frequently Asked Questions:

Are we going to host “the BRAWL” this year?

We have locked in on a date for our event this year and will host it on Sunday, January 24th, provided we have approval to use the facility. All normal, and many extra, planning preparations are already underway for this year’s event.

What do we anticipate changing for this year considering potential COVID related restrictions?

We are preparing for many potential changes this year in order to ensure our event is as safe as possible. Some of those include:

- Preparing for wellness checks (temperature, etc)
- Preparing for either reduced, or no spectators in attendance
- Appropriate spacing requirements for each team
- Modification of concession and coaches room plans from previous years

Will we be able to have 48 teams again this year and if not, how do we prioritize registration?

We are planning for a full event again this year, but if we are not allowed to include 48 teams in our event, we will host as many as we are allowed. The fairest way to do this is to reserve spots on a first come first serve basis. Teams will be considered registered when we receive a check for their registration fee. They will be assigned a number from 1-48 based on that and if we do have to reduce our overall number of teams, we will do so in reverse order of registration.

If we register, and the event must be cancelled, or reduced in size, and we are not allowed to attend, will we receive our money back?

Yes. This year there will be a full refund provided IF the event is either cancelled or if the event is reduced in size and you are not allowed to attend.

Will 2020 returning teams have priority to register for the 2021 event?

Yes, this is always the case. You will have until November 1 to register for the event this year (this date is pushed back by 1 month from past years). Keep in mind that registration for returning teams will be first come first serve this year, so do not delay. While new teams can register beginning today, they will be put on a separate list and on November 1, they will be moved onto the list following the last returning team to register.

If spectators are not allowed to attend the event, will there be live streaming of the event?

We are working to ensure this is a viable solution for all those parents, grandparents, friends and wrestling fans out there! Our goal is to make it as enjoyable to watch from your couch as it is from the bleachers!

When will we know if the event is being held?

Our intent is to hold the event unless we are told we cannot. If that happens, we will communicate it as soon as we know. If everything is good to go, then... let’s wrestle!

If you have other questions for us, please reach out to me directly at 763-360-4564.

Something very important to keep in mind is that we will be working with the school to monitor any required changes to the event on a constant basis. If at any time you are looking for an update on status, please do not hesitate to reach out.
